

Canadian Geotechnical Society Internal Groups and Affiliates

(Draft Nov 2016)

(The acronyms below are in English only, because most of these organizations do not have an official name in French)

Internal Groups

CGS Local Sections

VIG	Vancouver Island Geotechnical Group
VGS	Vancouver Geotechnical Society
PRG	Prince George Geotechnical Group
IBC	Interior BC (Kelowna) Section
CyG	Calgary Geotechnical Society (Southern Alberta Section)
GSE	Geological Survey of Edmonton (Northern Alberta, Yukon, NWT and Nunavut)
SGG	Saskatoon Geotechnical Group
RGG	Regina Geotechnical Group
MBS	Manitoba Section
TBS	Thunder Bay Section
SBS	Sudbury Section
LDS	London Section
SOS	Southern Ontario Section (Toronto Group)
KSS	Kingston Section
OGG	Ottawa Geotechnical Group
ODQ	Ouest-du-Québec / Western Quebec Section
EDQ	Est-du-Québec Section / Eastern Quebec Section
NBS	New Brunswick Section
NSS	Nova Scotia Section
NLS	St John's Section

CGS Technical Divisions

CR	Cold Regions Geotechnology Division
EG	Engineering Geology Division
GE	Geoenvironmental Division
GS	Geosynthetics Division
GW	Groundwater Division
RM	Rock Mechanics Division
SM	Soil Mechanics and Foundations Division

CGS Standing Committess

Ed	Education Committee
Gh	Geohazards Committee
He	Heritage Committee
Mg	Mining Geotechnique Committee
Pp	Professional Practice Committee
Su	Sustainable Geotechnics Committee
Tr	Transportation Geotechnique Committee

Associates of CGS National

CGJ/CSP	Canadian Geotechnical Journal / Canadian Science Press
GRB	Geotechnical Research Board
CGS News/BiTech	CGS News in Geotechnical News published by BiTech

Affiliates

Affiliates of CGS National

CSCE	Canadian Society for Civil Engineers
NRC	National Research Council
CFG	Canadian Foundation for Geotechnique
ASCE-GI	Geo-Institute of the American Society for Civil Engineers
DFI	Deep Foundations Institute
AGHP	Association of GeoHazard Professionals
TAC	Tunnelling Association of Canada
CDA	Canadian Dam Association

Division Affiliates: Canadian & Northern American

AEG	Association of Engineering and Environmental Geologists
ASCE-TCCRE	Technical Committee of Cold Regions Engineering of ASCE
NAGS	North American Geosynthetics Society / Canadian Rock Mechanics Association
CNC-IPA	Canadian National Committee, International Permafrost Association
IAH-CNC	International Association of Hydrogeology, Canadian National Chapter

Committee Affiliates

EIC Her	Heritage Committee of the EIC
RGHRP	Railway Ground Hazard Research Project

Canadian Umbrella Organizations

EIC	Engineering Institute of Canada
CFES	Canadian Federation of Earth Sciences

International Affiliates

ISSMGE	International Society of Soil Mechanics and Geotechnical Engineering
ISRM	International Society of Rock Mechanics
IAEG	International Association of Engineering Geology
IGS	International Geosynthetics Society
IPA	International Permafrost Association
IAH	International Association of Hydrogeologists

Federation of International Geo-Engineering Societies

ISSMGE	International Society of Soil Mechanics and Geotechnical Engineering
ISRM	International Society of Rock Mechanics
IAEG	International Association of Engineering Geology
IGS	International Geosynthetics Society
